GIATI'S NEW SUMMERLAND TEXTILE COLLECTION HAS THE WOW FACTOR

GIATI Designs, Inc., manufacturer of quality crafted interior/exterior teak furniture, die-cast aluminum furniture, market umbrellas, pavilions and European all-weather textiles unveils **Summerland**, a luxurious textile collection from fabric designer, Glenn Peckman. Elegant and sophisticated, **The Summerland Collection** is a group of wonderfully woven interior/exterior textiles from original designs inspired by the colors, textures and elements in nature.

The refreshing **Summerland Collection** is comprised of 40 SKU's that include a crisp, abstract leaf motif, textured weaves, a broad stripe, a linear and dot pattern, a bouclé stripe, a classic stripe and a solid chenille. Each group of patterns is available in an array of imaginative and stunningly coordinated color combinations.

The Summerland Collection is comprised of 100% solution-dyed acrylic and is guaranteed against fading, splitting, peeling or cracking. These striking textiles are also water and mildew resistant, as well as sunfast. The collection is an ideal choice for both residential and commercial applications.

Glenn Peckman's thoughts on **The Summerland Collection**: "Creating fabrics for outdoor use opens a window on the world. These are fabrics that will reflect sunlight and play with shadows. At the same time, they have the sophistication to enhance indoor environments. These are patterns and textures that bring nature's richness to any setting."

A freelance designer and international consultant, Glenn Peckman has twenty-five years of experience in the contract and residential markets. He has designed fabrics for Donghia, Marharam, HBF Textiles and Arc-Com Fabrics.

GIATI Designs, Inc. is headquartered in Santa Barbara, California. Manufacturing facilities are located in Santa Barbara. Giati products are available through a national network of designer showrooms and independent sales representatives.
