**THE CASSIOPEIA LOUNGER
FROM WALTERS WICKER IS HEAVEN SENT**

WALTERS WICKER, INC., manufacturer of exclusive high-end wicker, rattan, woven leather and resin furniture for the residential and contract markets, introduces the celestial, curvaceous **Cassiopeia Lounger**.

Supported by an aluminum frame and covered in a resin weave, **Cassiopeia** is a sculptural form that gracefully follows the contours of the human form. Two gently sloping arms complement the elongated "S" shape of the lounger and provide stability. Style and function combine to create the perfect outdoor seating solution.

Cassiopeia is featured here in a coffee cream finish but is also available in natural and chocolate. You won't have to search the heavens to find this star. It is available right here on earth at **WALTERS WICKER**.

Cassiopeia Lounger Dimensions

32"W x 70"D x 32"H
Seat Height 18.5"

Walter's Wicker, Inc., maintains showrooms in the D&D Building in New York, The Atlanta Decorative Arts Center in Atlanta and the DCOTA in Dania, Florida. They are represented in designer showrooms nationwide.
